You will have a workbook to complete on the distance learning modules – this workbook will record your work and progress throughout the course alongside the ongoing assessments.

You will have a one-to-one progress tutorial with your trainer part way through the course to make sure you are on track and have everything you need to get to the end of the course.

All assessments are independently moderated to make sure consistency is applied.

If you choose to supplement your learning with additional reading and/or case experience, this will assist you in achieving a fuller understanding of the work.
